### **Affordable Care Act (ACA) fee increase for primary care services**

We want to make sure we pay you appropriately for claims you submit. If the Department of Public Welfare (DPW) certified you, you may qualify for the ACA fee increase.

As of August 1, 2013, we completed our system updates to comply with the ACA fee increase for primary care services. This fee increase applies to calendar years 2013-2014.

#### **Get paid the right way without lifting a finger**

After you send the attestation to DPW, you don't have to do anything more to get the fee increase. You don't even have to resend any claims to us. Depending on when you registered with DPW, we'll go back and pay all claims received and paid with eligible dates of service.

You'll start to receive checks for current claims within the next couple of weeks. We'll also send retroactive payments weekly until the end of October 2013.
