

CHIP We've got your
kids covered.

AETNA BETTER HEALTH[®] OF TEXAS

Are you treating pregnant members with substance use disorder or infants with neonatal abstinence syndrome (NAS)? We can help.

You can refer members to Aetna Better Health Care Management (CM). We have an integrated CM program to support and engage members to manage their condition.

This program includes:

- Coordination between your staff and us to identify members during pregnancy or discharge
- Delivery of appropriate care, eliminating potential delay
- Assistance with scheduling follow-up appointments
- Discharge follow-up to ensure member understands discharge instructions, including medications, available treatments and resources

Call Member Services at **1-800-306-8612** (Medicaid Tarrant), **1-800-248-7767** (Medicaid Bexar), **1-800-245-5380** (CHIP Tarrant), **1-866-818-0959** (CHIP Bexar) to refer a member or if you have questions. You can also email a referral to the Care Management department at MBUTXCMLReferral@aetna.com.

We appreciate your support of this program.
